

What is EUROMAP?

EUROMAP was established 1964 and is the umbrella organisation for the powerful European plastics and rubber machinery industry which accounts for some 40% of worldwide production and 50% export volumes. Member associations are located in Austria, France, Germany, Italy, Luxembourg, Spain, Switzerland, Turkey and the United Kingdom

EUROMAP has been the stakeholder for the European plastics and rubber machinery industry since 1964

EUROMAP promotes the industry's business activities and serves as a hub for its partners abroad

EUROMAP provides information and assistance for the whole plastics and rubber industry and the media world-wide.

General Secretariat of EUROMAP
c/o VDMA Plastics and Rubber Machinery

P.O. Box 71 08 64
60498 Frankfurt am Main
Germany

Phone: +49 69 6603-1831/1832
Fax: +49 69 6603-1840

What does EUROMAP provide?

Quelle: EUROMAP

Technological Transparency

EUROMAP gives an overview of unique range of high end machines accross Europe in its **Buyers' Guide**

Quelle: Karin Jung –www.pixelio.de

Technical Recommendations

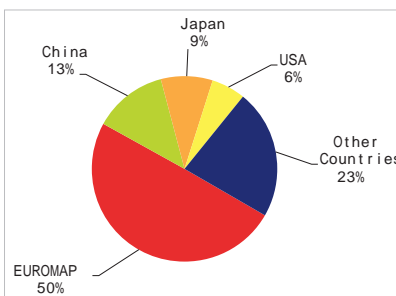

EUROMAP sets **technical standards** reflecting state of the art technology. Those standards focus on interfaces, energy efficiency and Industry 4.0

Quelle: Messe Düsseldorf K

Sponsorship for Exhibitions

EUROMAP supports **selected exhibitions** on a global scale. The exhibitions will have to match the international exhibition calendar and match the industry criteria.
